

One Bite And You Know Its Authentic[®]

The world's largest tortellini manufacturer with a full line of authentic & innovative filled pasta. Each pasta is individually quick frozen within minutes of being produced, locking exceptional flavors and freshness. Unlike refrigerated "fresh" pasta which is packaged and flushed with gas to slow bacterial growth, freezing is nature's way of preserving!

- Prepared on equipment made from Italy
- Pasta rolled very thin & tender, for the perfect "al dente" texture
- Fillings with a unusually generous ratio to the pasta

- Authentic ingredients our grandmothers used when making pasta from scratch – finest of semolina, best spices, herbs and other premium ingredients
