

# Olivari

## Portion Control Packaging

Now, more than ever, restaurants and consumers are turning to single serve portion control packs as a safe option for the growing take-out and delivery industry. Our Olivari single serve sachets are portioned to add the perfect amount of flavor to any dish. A must have for any restaurant, food truck, cafeteria, or other eating establishment in today's world, our extra virgin olive oil and vinegar sachets are a great substitute for butter, other unhealthy oils and dressings, and pair great with fresh salads, sandwiches, Italian dishes, and more! With Olivari's single serve portion control packs, your customers can enjoy delicious, fresh, extra virgin olive oil and vinegars wherever they may be.

### Extra Virgin Olive Oil

Olive oil has been enjoyed by the people of the Mediterranean for centuries and is a treasured part of a healthy lifestyle. Today, an increasingly health conscious world has embraced the nutritional benefits and delicious flavor of olive oil.

Olivari Extra Virgin Olive Oil has a fresh, delightful flavor that is a perfect pairing for fresh salads, sandwiches & wraps, bread, and Italian dishes.

### Balsamic Vinegar

Our genuine Balsamic Vinegar is aged for many years, crafted from unfiltered, unfermented grape juice. Its deep flavor can be splashed on everything from salads and cheese to ice cream and cake. Often used for salads, along with extra virgin olive oil, the distinct, tangy flavor of balsamic vinegar is a staple for any eatery or restaurant.
