Great for use in:

Restaurants and other Foodservice operators:

- No waste: remove from freezer only the amount needed – thaws in 2-3 hours or overnight in the refrigerator; 7 day refrigerated shelf life
- Perfect for restaurant carry-out/delivery orders – frozen cheesecake in sturdy packaging remains intact during transport and will thaw and remain cold by the time the customer is ready for dessert; can mix and match flavors for family meals
- Perfect for the new business avenue of grocery delivery from restaurants – great, indulgent dessert that customers can keep in their home freezers – and no work for the operator!

Grocery, Convenience, Vending, Club stores:

- Indulgent, individual dessert from the refrigerated case
- Retail ready: Eye-catching label with nutritional information, ingredients and scannable bar code; three facings make a colorful full line grouping
- Great shelf presence: Each individual cheesecake rests on a black plastic base covered with a clear dome allowing customer to see the entire dessert
- Small footprint – just 3.5”; can triple stack to maximize real estate
- **Tamper-evident packaging**
