

MP containers reduce plastic consumption by 40% in average. The goal is achieved by blending natural mineral with polypropylene to produce these recyclable containers.

MP containers are built tough for multiple uses. Wash it up and use it for your lunch packing, and picnic.

MP containers are microwaveable, freeze-thaw friendly and stackable. Food will be stored, reheated and transported safely.

MP containers are ergonomic. Containers are featured with textured surface for better handling; snap tight closure to reduce accidental leak;

MP containers are non-absorbant with no BPA/PFA additives, allowing for safe and compliant use and provide moisture and greast resistance, MP containers provide excellent performance for meal delivery and service.
